On 19 December 2010, the Commander of the Multinational Corps Northeast Lieutenant General Rainer Korff awarded young artists of Szczecin International School (SIS), the authors of the most beautiful Christmas cards.

The award ceremony was part of an annual Christmas event organized by teachers, students and pupils of Szczecin International School at Polish Theatre in Szczecin. This year the youngest children staged ‘The Snow Queen’, whereas the older students decided to put on a play they had written themselves.

Right after the artistic performance, the MNC NE Commander awarded four children who won the competition for the most beautiful Christmas cards with special Christmas vouchers. This year, the competition was conducted in two age categories. Equally important is that these cards will decorate the official Christmas cards of the Multinational Corps Northeast that will be sent out with best Christmas wishes to higher commands, sister corps and other partner organisations in NATO, civil authorities as well as friends and supporters of the Corps.

As a matter of fact, the children who won the competition also received Christmas cards decorated with their own pictures with special Christmas wishes from the MNC NE Commander.
