On 21 March 2012, for the fifth time already, Szczecin International School (SIS) organised soccer tournament at Baltic Barracks for pupils, students and teachers.

All sports enthusiasts met at the gym at Baltic Barracks where they were warmly welcomed by the Head of SIS, Mrs Maria Sawka. Only then did the tournament start under the supervision of Mr Cezary Janiszyn, a Physical Education teacher at SIS.

All participants were divided into teams but not by age principle this time. Consequently, the youngest and older members of SIS could play together. A very interesting sports rivalry was developed between parents and teachers.

The event ended up with a small ceremony during which the players received medals and baseball caps.
