On 4 and 5 June 2012, delegation from Multinational Corps Northeast (MNC NE) participated in the Staff Training “CIS 12” in the Polish Operational Command in Warsaw.

The MNC NE delegation headed by the Corps’ Deputy Commander Major General Bogusław Samol and consisting of subject matter experts from the Corps Staff Divisions which have been engaged in the preparation of the exercise Anaconda 12, went to Warsaw to present the Corps’ concept of operation to the Polish Operational Command and to synchronize the tasks with other units. In parallel with these events, the development of Joint Targets List for Anaconda 12 was conducted.

Two days of working were fulfilled by activities in functional area syndicates where specialists from MNC NE, the 2nd Polish Mechanized Corps, and other units thoroughly coordinated all outstanding matters.

Anaconda 12 scheduled for September 2012 is one of the major Polish exercises focused on Article 5 Operations. For the first time in the history of Anaconda series, the Corps level

Headquarters from the NATO Force Structure – HQ MNC NE – will participate in the exercise as the Training Audience.
