On 13 October 2012 military personnel from the Army School of Maintenance based in Aachen Germany paid a visit to the Headquarters Multinational Corps Northeast (HQ MNC NE) to familiarize with the Corps.

The main part of HQ visit was the briefing presented by Major Marcin Czekalski from the Visitors and Observers Bureau (VOB). The briefing not only did provide insights into the Corps' history, tasks and role but also described how the cooperation between the three Framework Nations of the Corps, i.e. Denmark, Germany and Poland, and the other nine Participating States works in Baltic Barracks.

 "I did not expect that this Headquarters consists of twelve nations, it means that this is really a multinational unit" said Captain Rene Liebscher, the head of the group. *"We are also under the impression of your exercises, especially Crystal Eagle".*
– he added.

Visit at HQ MNC NE was included into the whole weekend program. The group, which consisted of Range Safety Control Officers had an opportunity to learn more about the history of the city of Szczecin during a guided tour as well as about Torgelow Training Area.
