

Would you like to visit our Headquarters? You are warmly welcome!

Headquarters Multinational Corps Northeast (HQ MNC NE) as an extraordinary military NATO structure in this area has always been an interesting and valuable place to visit for many – VIPs, students, opinion shapers and members of various organisations from many countries.

A typical programme of a visit includes a briefing with a slide presentation. Such a briefing is focused on introducing the mission of the Corps. The participants learn about the Corps' history, organisation and main tasks not to forget the Headquarters mission experiences from Afghanistan. Experienced officers are assigned to the briefing team who are eager to explain in detail how HQ MNC NE works. After the briefing and a short break, a discussion panel takes place during which all doubts are to be removed, all details explained and all tricky questions answered.

Apart from this "educational" part of the visit, the participants are invited to walk around the Baltic Barracks, the home barracks of the Corps in Szczecin, and will then be photographed in order to fill their own line in the Headquarters' chronicle and simply have a memento of the visit.

In terms of more organisational issues, the minimum number of visitors in one group is generally 15 persons. Moreover, all participants should be over 16 years old.
