the match was running according to our plan. But in the last second of the match, we lost a goal. Then, the whistle of the referee resounded and the game was over.

Even though HQ MNC NE did not win the whole tournament but took the second position after Argentina, all players were fully satisfied with the games and great sports atmosphere, hoping for another tournament at SHAPE and an occasion for rematch.

After the tournament, in the evening, the German Oldies Team made sure that all players could watch the ongoing European Championship 2012 together. It was also a great opportunity to keep and develop contact, and have discussions with players from different nations.
