On Wednesday, August 3rd, 2005, a group of German mayors of the Region Unterfranken in Bavaria visited the Headquarters of Multinational Corps Northeast (MNC NE), accompanied by two German Youth Officers from the town of Veitshoechheim.

LtCol Uwe Semprich briefed the visiting group on mission and organisation of MNC NE. The presentation also introduced essential information about the history and general organisation of MNC NE with emphasis on multinationalism and internal integration among soldiers from different nations. A question-and-answer session concluded the briefing. After lunch, the visitors set off for a sightseeing tour through Szczecin. They had the opportunity to visit the most famous tourist attractions and get to know the city a bit better.
