On 5th September 2005, a group of 23 senior students accompanied by 4 academic teachers from Polish National Defence Academy from Warsaw visited the Headquarters of Multinational Corps Northeast (HQ MNC NE) as a part their studies programme.

The visiting group was shortly briefed on mission and organisation of MNC NE. The presentation introduced essential information about the history, general organisation of MNC NE with emphasis on multinationalism and the internal integration among the soldiers from different nations and was followed by the questions and answers period.

Capt J. Wiatrowski from Air Operation Coordination Centre (AOCC) presented a briefing that focused on the cooperation between the land and air forces as well as the NATO procedures in that area. "The visit in MNC NE was very interesting and briefing provided with the good insight on multinationalism and cooperation" – said one of the students.
