Group of students from Bavaria and the Westpomeranian Education Centre (WEC) in Szczecin visited MNC NE Headquarters to learn about multinational unit as well as NATO.

During the briefing the students were familiarized with the history and military challenges ahead of MNC NE. - "It's very interesting to find out more about upcoming exercises Compact Eagle and possible deployment in Afghanistan. It is amazing that so many nations can work together" – said one of the Germans participants. Head of the group, Krystyna Mucha added that the visit gave the students opportunity to get the flavor about NATO and advantages it creates for closer cooperation of its members.
