

18 journalists from Poland and Germany visited the Headquarters Multinational Corps Northeast on Friday 14th of October.

The visit was a part of their "Study Tour" organised by the Westpomeranian Marshal's Office, in which the journalists were visiting important and interesting places in the Region. This year the project was entitled "Westpomeranian – sea of adventure. Economy and history." For that reason, the itinerary included visits in Goleniów Industrial Park, Infrapark police SA, farm handled by Dutchman and also some historical places like Gerhard's fort in Świnoujście or old German petrol factory in Police. To complete the picture of the Westpomeranian Region the journalists also visited the Baltic Barracks in Szczecin. As the MNC NE has become a clear evidence of the recent political changes in Poland and a sign of deeper social integration with the local community, the visit was also an occasion to experience the multinational military environment in Szczecin.
