

NCOC Family Barbecue

Written by PAO

Saturday, 11 June 2005 09:00

On Saturday afternoon the Allied Non – Commissioned Officer’s Club (NCOC) of HQ Multinational Corps Northeast organised the annual Family Barbecue for the NCOC members and their families.

We try to organise such events to integrate ourselves a bit more than normally and to meet with the all family members as well. Following the official part, which was introduced by the Committee representatives, the entertaining program began. The music band Venus Ville from Szczecin smoothly accompanied our guests, who were enjoying the music and of course – fine-grilled meat. As we decided to entertain our guest a bit more we prepared for them folklore show that was done by the local folklore group "Obertas". During one-hour show our guest were able to see the variety of Polish folklore dances, songs and traditional costumes. Finally, we encourage all to dance and handed out the small diplomas for all. Our children were having fun as well playing around, jumping in the air castles and having their face –painted. After one hour many small "dogs, rabbits and tigers" were ruining around talking Danish, German, English and Polish. Definitely, we have spent wonderful time together and we are already looking forward to the next family event in the Headquarters.
