

Easter Brunch

Written by AG

Sunday, 15 April 2007 09:00

Morning and afternoon of the first Sunday after Easter was the right time for the next Family Brunch to be arranged and to become a kind of continuation of holidays.

The families of both soldiers who have gone on the mission and those who have stayed here, at the Baltic Barracks, met together at the AOC Club. Fine dinner and a cosy atmosphere of hospitality welcomed all participants who appeared at the Club. Not only an opportunity to chat but also a wide range of games offered by a nanny encouraged the parents to take their kids with them. As a result the adults could have a nice time without being worried about what their children are doing as the nanny took care of our junior staff inventing lots of interesting activities.
