The news conference was organised in front of the City Hall as it was combined with opening the exhibition titled "Multinational Corps Northeast – past and future".

Mr Robert Grabowski welcomed all journalists and guests, and introduced the speakers representing organizers of the celebrations of MNC NE 10th Anniversary at Wały Chrobrego on 19 and 20 September 2009. *"The most important is still ahead of us"*, said Mr Piotr Wachowicz, Director of Promotion and Information Office, who addressed the gathered as first and summarized all undertakings leading to the celebrations. Lieutenant Colonel Wojciech Wiśniewski, spokesperson for HQ MNC NE, emphasized the fact that celebrations of the Corps' 10th Anniversary would not be possible in the way they have been planned without the support and engagement of the City. Afterwards, he focused on the exhibition "Multinational Corps Northeast – past and future", which in chronological order presents all achievements of the Corps from the early beginning up to current preparations for the mission in Afghanistan and the mission itself starting in 2010. Lieutenant Colonel Wojciech Wiśniewski finished his speech with an invitation for the upcoming MNC NE celebrations. *"It will be an unforgettable experience"*, he said.

*"Together with the City we have prepared lots of attractions for the public"*

. Details concerning municipal offer were presented by Mr Jerzy Raducha, Director for Maritime Affairs.
