70 Danish and German guests interested in the history, missions and current issues of the Multinational Corps Northeast (MNC NE) visited the Headquarters this week.

On 13 October 2010, a group of 40 Danish retired officers and non-commissioned officers, members of the association “Brigadens Venner” – Friends of the Brigade sympathizing with the 1st and 3rd Brigade in Jutland, Denmark, visited the Baltic Barracks in Szczecin, Poland. They were hosted by Lieutenant Colonel Peter Christensen and Major Bjarke Therkildsen from the Headquarters.

The briefing given to them by Lieutenant Colonel Peter Christensen introduced the concept of the Multinational Corps Northeast, its history, mission and tasks. The guests were especially interested in the recently accomplished mission in Afghanistan and the way life goes in Szczecin, the Corps’ home garrison. Some guests already visited the Headquarters at the beginning of its existence, others served at the Allied Land Forces Schleswig-Holstein and Jutland (LANDJUT), the MNC NE predecessor but definitely all of them were very fond of the visit to Baltic Barracks.
