More than 50 students from the Institute of History and International Relations of Szczecin University visited Headquarters Multinational Corps Northeast (HQ MNC NE) to learn about the Corps.

The students were warmly welcomed by Lieutenant Colonel Boris Schnelle and Master Sergeant Michael Rauhe. Afterwards, they participated in a presentation on the Multinational Corps Northeast delivered by Chief Public Affairs Lieutenant Colonel Wojciech Wiśniewski. Among other things, the briefing referred to the Corps' tasks, structure and the two missions in Afghanistan. The students also had an opportunity to ask questions to Lieutenant Colonel Wiśniewski being mostly interested in the recently accomplished mission in Afghanistan as well as the service at the Corps.
