**On 24 February 2011, the participants of the Foreign Affairs and Security Policy Seminar, organised by the German Armed Forces Department, paid a visit to Headquarters Multinational Corps Northeast (HQ MNC NE) to learn about the Corps' history, organisation and tasks.**

Besides visiting Berlin and Rostock, the participants of the Seminar devoted to various aspects of foreign affairs and security policy came to Baltic Barracks to learn about Multinational Corps Northeast. Lieutenant Colonel Boris Schnelle, Chief Visitors and Observers Bureau from the Headquarters, delivered a briefing on history, missions, tasks and organisation of the Corps as well as the way of living in Szczecin.

The participants of the Seminar were mostly teachers who would share their knowledge with their students afterwards. For that reason, it was of vital importance to present them comprehensive knowledge of the Corps' activities. *"I was very impressed. We got a lot of information,"*

admitted a teacher from Dortmund, a participant of the Seminar.

*"Lieutenant Colonel Schnelle was really able to arouse our interests,"*

she added explaining that the briefing included not only the theory, but also a number of real life examples, which made the presentation valuable and interesting.
