

The Deputy Commander of the Multinational Corps Northeast Major General Ryszard Sorokosz took part in the annual celebrations of the Municipal Wardens' Day held on 15 September 2011.□

This year's celebrations assumed a special character since they coincided with the 20th anniversary of forming municipal wardens' service in Poland. The event started with the Holy Mass dedicated to municipal wardens. Then, in front of the Poles Deeds Monument, new municipal wardens took their oaths and those who have already rendered the recognized service received promotions and decorations. Finally, the honourable guests of the ceremony, including the MNC NE Deputy Commander Major General Ryszard Sorokosz being assisted by the Military Adviser Lieutenant Colonel Siegmur Plonka, put wreaths at the Poles Deeds' Monument.

The participation of MNC NE representatives in celebrations organised by uniformed services and municipal authorities proves excellent relations and mutual support within civilian and military communities in Szczecin.
