From 9 to 11 January 2012, a delegation of the Lithuanian-Polish-Ukrainian Brigade from Lublin took part in a series of briefings presenting the functioning of the Multinational Corps Northeast.

The Lithuanian-Polish-Ukrainian Brigade is still in the process of formation, however, the Brigade representatives used the chance to learn from the multinational experience of the Corps. Multinational Corps Northeast can share experiences of more than 12 year multinational partnership.

Various aspects of the Corps' functioning were introduced to the guests. Among other things, they could learn about the Corps' history and tasks. Separate presentations were devoted to the Headquarters Staff Divisions and selected branches presenting the Headquarters' organisation in more detail. Also the training and exercise cycle, including the deployment commitments were discussed.
