---

**On 23 April 2012, a group of students from the High School No 2 in Szczecin paid a visit to Headquarters Multinational Corps Northeast (HQ MNC NE) to learn about the Corps' mission, organisation and tasks.**

Major Marcin Czekalski from the Public Affairs Office delivered a presentation on various areas of the Corps' activity, organisation, tasks and history to introduce as many details related to Multinational Corps Northeast as possible. Ms Anna Lencewicz, a maths teacher at school, explained that all students visiting HQ MNC NE follow the International Bachelorette (IB) programme to achieve an IB diploma. For that reason, even this outlook broadening visit was another opportunity to practice English and, therefore, this language was used for both the presentation and follow-up discussion.

*„I knew about the Corps here in Szczecin but I never really knew what it is about,”* admitted Aleksandra, one of the students taking part in the visit.

*“The most interesting for me is the mission in Afghanistan,”* she added. Daniel, another student, was also of the same opinion: *“I did not know how this organisation works and now I know.”*

In fact, Multinational Corps Northeast takes every opportunity to present its mission to various civilian and military circles, including young citizens of Poland who are just about to start their adult lives.
