More than 20 reserve soldiers from German Armed Forces Academy for Information and Communication and Editorial Staff of Press and Information Staff German Ministry of Defence visited the Baltic Barracks on 18 and 19 September 2012 to learn more about Headquarters Multinational Corps Northeast (HQ MNC NE) and the city of Szczecin.

It is remarkable that not only soldiers on active duty, but also reserve officers are interested in functioning of the Headquarters Multinational Corps Northeast (HQ MNC NE). Lieutenant Colonel Boris Schnelle warmly welcomed the guests and delivered a briefing on the organization, mission and structure of the HQ MNC NE as well as the recent missions the MNC NE personnel performed in Afghanistan. Then, the guests listened to Major Marcin Walczak who was talking about structure, tasks and daily work of Corps Public Affairs Office.

After lunch, the visitors went on a guided historical sightseeing tour in Szczecin, including a boat trip on Odra River. The next day, the guests had a chance to visit Szczecin Underground Museum.
