On 13 November 2012, Lieutenant General Rainer Korff, the Commander of the Multinational Corps Northeast (MNC NE) visited the Operational Command of the Polish Armed Forces, on the invitation of its Commander, Lieutenant General Edward Gruszka. □

The visit at the Operational Command was dedicated, among other things, to the summary of the recently accomplished Anakonda 12 exercise, in which also MNC NE participated for the first time in history. Also some other areas of further cooperation between MNC NE and the Polish Operational Command were discussed, including possible involvement of the Corps' staff in other training events organised by the Polish Operational Command.

Moreover, during the visit General Korff had an opportunity to get familiarized in detail with the role and tasks of the Polish Operational Command as well as the Poland's involvement in missions abroad.
