**Since family brunches have already become a tradition at our Corps, at the end of the long May weekend Family Care Centre organized the next meeting for the families.**

Since family brunches have already become a tradition at our Corps, at the end of the long May weekend Family Care Centre organized the next meeting for the families of those soldiers who have gone on the mission to Afghanistan and the members of Permanent Headquarters. The brunch took place at the NCO Club where in a pleasant atmosphere all participants could enjoy the meal and spend the afternoon together. The weather conditions were favourable so the children could play at the terrace outside the NCO Club with a nanny keeping an eye on them while the adults were chatting and having a good time.
